European IT Certification Curriculum Self-Learning Preparatory Materials

EITC/WD/EWP

Elementor for WordPress

This document constitutes European IT Certification curriculum self-learning preparatory material for the EITC/WD/EWP Elementor for WordPress programme.

This self-learning preparatory material covers requirements of the corresponding EITC certification programme examination. It is intended to facilitate certification programme's participant learning and preparation towards the EITC/WD/EWP Elementor for WordPress programme examination. The knowledge contained within the material is sufficient to pass the corresponding EITC certification examination in regard to relevant curriculum parts. The document specifies the knowledge and skills that participants of the EITC/WD/EWP Elementor for WordPress certification programme should have in order to attain the corresponding EITC certificate.

Disclaimer

This document has been automatically generated and published based on the most recent updates of the EITC/WD/EWP Elementor for WordPress certification programme curriculum as published on its relevant webpage, accessible at:

https://eitca.org/certification/eitc-wd-ewp-elementor-for-wordpress/

As such, despite every effort to make it complete and corresponding with the current EITC curriculum it may contain inaccuracies and incomplete sections, subject to ongoing updates and corrections directly on the EITC webpage. No warranty is given by EITCI as a publisher in regard to completeness of the information contained within the document and neither shall EITCI be responsible or liable for any errors, omissions, inaccuracies, losses or damages whatsoever arising by virtue of such information or any instructions or advice contained within this publication. Changes in the document may be made by EITCI at its own discretion and at any time without notice, to maintain relevance of the self-learning material with the most current EITC curriculum. The self-learning preparatory material is provided by EITCI free of charge and does not constitute the paid certification service, the costs of which cover examination, certification and verification procedures, as well as related infrastructures.
